ABDURRAHMAN Muktasam	L08.P.15	Extension approaches to promote effective adoption of agroforestry practices: Lessons learned from Indonesia	Tue 21 15:30-16:30	level0
AMARAL PAULO Joana	L08.P.20	Portuguese Regional Agroforestry Innovation Network: SWOT analysis after two years of establishment	Tue 21 15:30-16:30	level0
BASTIDE Brigitte	L08.P.02	Preservation of shea resource through the transfer of shea plant regeneration techniques to the female producers	Tue 21 15:30-16:30	level0
BIRHANE Emiru	L08.P.10	Farmers' perception and reasons to practice Farmer Managed Natural Regeneration in Semi-arid areas of Tigray, Ethiopia	Tue 21 15:30-16:30	level0
BOREK Robert	L08.P.03	Are silvopastoral systems in Poland sustainable? Case study of beef cattle farm	Tue 21 15:30-16:30	level0
CAMILI Francesca	L08.P.04	How agroforestry systems affect production, management, environment and socioeconomy according to Italian stakeholders	Tue 21 15:30-16:30	level0
DEGRANDE Ann	L08.P.05	Making rural advisory services more climate smart – can community-based approaches help?	Tue 21 15:30-16:30	level0
DERERO Abayneh	L08.P.06	Farmers seek high tree diversity in semi-arid and sub-humid areas in Ethiopia	Tue 21 15:30-16:30	level0
DIAZ Javier	L08.P.07	Successful experiences to foster and establish agroforestry systems with small farmers in Honduras	Tue 21 15:30-16:30	level0
ESTEGHAMAT Mina	L08.P.08	Recognition of traditional agroforestry to restore degraded lands in Iran, comparing with the modern systems in India	Tue 21 15:30-16:30	level0
KUMEH Eric Mensah	L08.P.11	Options for improving smallholder's contributions to off-reserve landscape restoration in Ghana	Tue 21 15:30-16:30	level0
MICCOLIS Andrew	L08.P.13	From diagnosis to scaling of Agroforestry Systems: lessons learned from case studies in Brazil using the PLANTSAFS tool	Tue 21 15:30-16:30	level0
MOSQUERA-LOSADA Maria Rosa	L08.P.14	The European Agroforestry innovation Network Fostering agroforestry in Europe	Tue 21 15:30-16:30	level0
MUNOZ Joaquin	L08.P.01	Agroforestry and sustainable cocoa production: experience of CEMOI through its sustainability program Transparence Cacao	Tue 21 15:30-16:30	level0
NIGUSE HAGAZI Gebremedhin	L08.P.16	Strengthening Rural Resource Centres as Local Practices: Simple and Smart Ways for Enhancing Scaling up of Agroforestry	Tue 21 15:30-16:30	level0
NUNOO Isaac	L08.P.17	A Proven Evidence of Rural Livelihood Transformation and Poverty Reduction in Ghana: Case of Cocoa Agroforestry System	Tue 21 15:30-16:30	level0
NYAGA John	L08.P.18	Utilization of electronic data collection approach in managing scaling-up of agroforestry options in smallholder farms	Tue 21 15:30-16:30	level0
ODOI Juventine Boaz	L08.P.19	Socio-economic impact of farmer managed natural regeneration in the shea parklands of Uganda. 25 years on. Landholder group validates alternative extension model for fitting trees into the family farming landscape	Tue 21 15:30-16:30	level0
REID Rowan	L08.P.21		Tue 21 15:30-16:30	level0
REUBENS Bert	L08.P.23	The Regional Agroforestry Innovation Network in Flanders (Belgium): a diverse and dynamic group	Tue 21 15:30-16:30	level0
RIVAL Alain	L08.P.22	Wildlife conservation and sustainable tree crop plantations call for innovative planting designs	Tue 21 15:30-16:30	level0
WESTAWAY Sally	L08.P.24	Barriers to uptake of agroforestry in the UK	Tue 21 15:30-16:30	level0
WINOWIECKI Leigh	L08.P.12	Local knowledge promotes design of adaptive land restoration options that deliver multiple ecosystem services at scale	Tue 21 15:30-16:30	level0
ZIANTONI Valter	L08.P.25	Service species biomass cost and quantification for self-sustainable syntropic agroforestry in Fazenda da Toca, Brazil	Tue 21 15:30-16:30	level0
